EDUARDO NAVÍO MAYA

FULL STACK DEVELOPER

enavio.tech@gmail.com   +34671889211   *https://naviotech.vercel.app/*

Experience

Needcarhelp   **Barcelona, Spain**
Full stack developer   Aug. 2024 - Present

- Engineered a client user dashboard enabling access to personalized service management, resulting in a 30% increase in customer satisfaction and a 15% rise in service renewals.
- Collaborated with designers in sprint planning meetings to ensure alignment with project goals, contributing ideas that led to key design features that refined usability.
- Implement improvements and develop new functionalities in the company's offered services, focusing on increasing customer acquisition and retention through scalable and efficient solutions.
- Played key role in developing internal mobile application for Needcarhelp SL, decreasing resource consumption across departments by 10% through the automation of previously manual tasks.
- Collaborate closely with designers and other developers in an Agile environment to meet project deadlines and objectives.
- Directed the presentation of the newly developed product to investors to showcase the positive impact the product would have on the company.
